Caution concerning forward-looking statements

Certain statements in this report, other than statements of historical fact, are forward-looking statements based on certain assumptions and reflect IGM Financial Inc.'s (IGM Financial, IGM or the Company) and, where applicable, its subsidiaries' and strategic investments', current expectations. Forward-looking statements are provided to assist the reader in understanding the Company's, and its subsidiaries and strategic investments, financial position and results of operations as at and for the periods ended on certain dates and to present information about management's current expectations and plans relating to the future. Readers are cautioned that such statements may not be appropriate for other purposes. These statements may include, without limitation, statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of the Company, and its subsidiaries and strategic investments, as well as the outlook for North American and international economies, for the current fiscal year and subsequent periods. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "plans", "believes", "estimates", "seeks", "intends", "targets", "projects", "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may", "will", "should", "would" and "could".

This information is based upon certain material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection as reflected in the forward-looking statements, including the perception of historical trends, current conditions and expected future developments, as well as other factors that are believed to be appropriate in the circumstances. While the Company considers these assumptions to be reasonable based on information currently available to management, they may prove to be incorrect.

By its nature, this information is subject to inherent risks and uncertainties that may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions will not prove to be accurate, that assumptions may not be correct and that objectives, strategic goals and priorities will not be achieved.

A variety of material factors, many of which are beyond the Company's and its subsidiaries' and strategic investments' control, affect the operations, performance and results of the Company and its subsidiaries and strategic investments, and their businesses, and could cause actual results to differ materially from current expectations of estimated or anticipated events or results. These factors include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in North America and internationally, interest and foreign exchange rates, global equity and capital markets, management of market liquidity and funding risks, changes in accounting policies and methods used to report financial condition (including uncertainties associated with critical accounting assumptions and estimates), the effect of applying future accounting changes, operational and reputational risks, business competition, technological change, changes in government regulations and legislation, changes in tax laws, unexpected judicial or regulatory proceedings, catastrophic events, outbreaks of disease or pandemics (such as COVID-19), the Company's ability to complete strategic transactions, integrate acquisitions and implement other growth strategies, and the Company's and its subsidiaries' and strategic investments' success in anticipating and managing the foregoing factors.

The reader is cautioned that the foregoing list is not exhaustive of the factors that may affect any of the Company's forward-looking statements. The reader is also cautioned to consider these and other factors, uncertainties and potential events carefully and not place undue reliance on forward-looking statements.

Other than as specifically required by applicable Canadian law, the Company undertakes no obligation to update any forward-looking statements to reflect events or circumstances after the date on which such statements are made, or to reflect the occurrence of unanticipated events, whether as a result of new information, future events or results, or otherwise.

Additional information about the risks and uncertainties of the Company's business and material factors or assumptions on which information contained in forward-looking statements is based is provided in its disclosure materials, including this Management's Discussion and Analysis and its most recent Annual Information Form, filed with the securities regulatory authorities in Canada, available at www.sedarplus.ca.

Non-IFRS financial measures & other financial measures

This report contains Non-IFRS financial measures and non-IFRS ratios that do not have standard meanings prescribed by IFRS and may not be directly comparable to similar measures used by other companies. These measures and ratios are used to provide management, investors and investment analysts with additional measures to assess earnings performance.

Non-IFRS financial measures include, but are not limited to, “adjusted net earnings available to common shareholders”, “adjusted net earnings”, “adjusted earnings before income taxes”, “adjusted earnings before interest and taxes” (Adjusted EBIT), “earnings before interest, taxes, depreciation and amortization before sales commissions” (EBITDA before sales commissions), and “earnings before interest, taxes, depreciation and amortization after sales commissions” (EBITDA after sales commissions). These measures exclude other items which are items of a nonrecurring nature, or that could make the period-over-period comparison of results from operations less meaningful. Effective in the first quarter of 2024, these measures also exclude the Company’s proportionate share of items that Great-West Lifeco Inc. (Lifeco) excludes from its IFRS reported net earnings in arriving at Lifeco’s base earnings. Base earnings is an alternate measure Lifeco uses to understand the underlying business performance compared to IFRS net earnings. Lifeco’s financial information can be obtained in its disclosure materials filed on www.sedarplus.ca. Comparative periods have been restated to reflect this change. EBITDA before sales commissions excludes all sales commissions. EBITDA after sales commissions includes all sales commissions and highlights aggregate cash flows.

Non-IFRS ratios include the following:

<i>Ratio</i>	<i>Numerator</i>	<i>Denominator</i>
<i>Adjusted earnings per share (Adjusted EPS)</i>	<i>Adjusted net earnings available to common shareholders</i>	<i>Average number of outstanding common shares on a diluted basis</i>
<i>Return (Adjusted return) on equity (ROE, Adjusted ROE)</i>	<i>Net earnings (Adjusted net earnings) available to common shareholders</i>	<i>Average shareholders’ equity excluding non-controlling interest</i>
<i>ROE (Adjusted ROE) excluding the impact of fair value through other comprehensive income investments</i>	<i>Net earnings (Adjusted net earnings) available to common shareholders</i>	<i>Average shareholders’ equity excluding non-controlling interest and the impact of fair value through other comprehensive income investments net of tax</i>

Refer to the appropriate reconciliations of non-IFRS financial measures, including as components of non-IFRS ratios, to reported results in accordance with IFRS included in the respective IGM Financial Inc.’s Management, Discussion and Analysis and other documents contained on slide 6, Documents incorporated by reference.

This report also contains other financial measures which include:

- **Assets Under Management and Advisement (AUM&A)** represents the consolidated AUM and AUA of IGM Financial’s core businesses IG Wealth Management and Mackenzie Investments. In the Wealth Management segment, AUM is a component part of AUA. All instances where the asset management segment is providing investment management services or distributing its products through the Wealth Management segment are eliminated in our reporting such that there is no double-counting of the same client savings held at IGM Financial’s core businesses. AUM&A excludes Investment Planning Counsel’s (IPC’s) AUM, AUA, sales, redemptions and net flows which have been disclosed as discontinued operations.
- **Assets Under Advisement (AUA)** are the key driver of the Wealth Management segment. AUA are savings and investment products held within client accounts of our Wealth Management segment core business.
- **Assets Under Management (AUM)** are the key driver of the Asset Management segment. AUM are an additional driver of revenues and expenses within the Wealth Management segment in relation to its investment management activities. AUM are client assets where we provide investment management services, and include investment funds where we are the fund manager, investment advisory mandates to institutions, and other client accounts where we have discretionary portfolio management responsibilities.
- **Assets Under Management and Advisement Including Strategic Investments (AUM&A Including SI)** represents AUM&A including the Company’s proportionate share of the AUM&A of strategic investments based on the Company’s direct and indirect ownership of the strategic investments. The strategic investments included are those whose activities are primarily in asset and wealth management, and include ChinaAMC, Northleaf, Rockefeller and Wealthsimple. Rockefeller client assets include assets under management and advisement as well as assets held for investment purposes and only receiving administrative services.
- **Working Capital** which consists of current assets less current liabilities excluding assets and liabilities not reflective of ongoing operations.

Non-IFRS financial measures & other financial measures

Other items

Other items for the nine months ended September 30, 2024 consisted of:

- The Company's proportionate share of items Lifeco excludes from its base earnings (Lifeco other items) of (\$6.9) million, including (\$4.9) million recorded in the third quarter. Effective in the first quarter of 2024, IGM began to exclude the Company's proportionate share of items that Lifeco excludes from its IFRS reported net earnings in arriving at Lifeco's base earnings. Base earnings is an alternate measure Lifeco uses to understand the underlying business performance compared to IFRS net earnings. Lifeco's financial information can be obtained in its disclosure materials filed on www.sedarplus.ca. Comparative periods have been restated to reflect this change.

Lifeco other items may include market related impacts; assumption changes and management actions; business transformation impacts; realized gains and losses on assets measured at Fair Value Through Other Comprehensive Income; equity and interest impacts on the measurement of surplus assets and liabilities; amortization of acquisition related finite life intangible assets; material legal, impairment, and tax related charges, impacts of disposals and acquisitions; and other items that, when removed, assist in explaining Lifeco's underlying business.

- The Company's proportionate share of Rockefeller's one-time debt refinancing costs of \$3.3 million, recorded in the second quarter, related to the early repayment of one of Rockefeller's financing facilities.

Other items for the nine months ended September 30, 2023 consisted of:

- Restructuring and other charges of \$76.2 million after-tax (\$103.3 million pre-tax), recorded in the second quarter, related to further streamlining and simplifying the Company's operating model to better align with business priorities.
- A gain on the sale of a portion of the Company's investment in Lifeco of \$168.6 million after-tax (\$172.9 million pre-tax), consisting of \$174.8 million recorded in the first quarter and a decrease of \$6.2 million that was recorded on a prospective basis in the second quarter.
- Lifeco IFRS 17 adjustment of \$15.1 million, recorded in the second quarter, representing a change of estimate which was recorded on a prospective basis.
- Lifeco other items of (\$16.4) million, including (\$10.7) million recorded in the third quarter.

Figures may not add due to rounding. Unless stated otherwise, prior period comparables exclude discontinued operations.

1) Morningstar Star Ratings reflect performance as of September 30, 2024 and are subject to change monthly. The ratings are an objective, quantitative measure of a fund's historical risk-adjusted performance relative to other funds in its category. Only funds with at least a three-year track record are considered. The overall star rating for a fund is a weighted combination calculated from a fund's 3, 5, and 10-year returns, as available, measured against the 91-day treasury bill and peer group returns. A fund can only be rated if there are a sufficient number of funds in its peer group to allow comparison for at least three years. If a fund scores in the top 10% of its fund category, it gets 5 stars; if it falls in the next 22.5%, it receives 4 stars; a place in the middle 35% earns a fund 3 stars; those in the next 22.5% receive 2 stars; and the lowest 10% receive 1 star. For more details on the calculation of Morningstar Star Ratings, see www.morningstar.ca. 2) Star rating based on % of rated mutual fund AUM. 3) Other dealer net flows relate to in-kind transfers to IG Wealth from other financial institutions and transfers from IGM investment solutions into cash & other securities. 4) Reflects total net client flows and average AUA effective Q1, 2019 and total mutual fund net sales and average AUM prior to 2019. Includes the January 2024 IG Wealth defined benefit pension plan redemption.

Previous portfolio management team

1) On May 17, 2018, the Global Quantitative Equity boutique began managing Mackenzie's emerging market offerings which were previously managed by a third-party sub-advisor. 2) Morningstar star ratings and percentiles based on Morningstar and reflect all retail series (non-rated funds excluded from the calculation). Refer to slide 17, footnote one for methodology details. Asset-weighted percentiles are based on retail assets and illustrate Mackenzie mutual fund gross returns relative to gross returns of other funds in the same category. Management believes that a comparison using gross returns is more reflective of investment performance relative to peers. This is for illustrative purposes only to assist in assessing the portfolio management capabilities of Mackenzie Investments and its affiliates (generally) and is not intended to provide performance information to investors considering investing in one or more of Mackenzie's funds. 3) Annualized redemption rate on retail mutual funds.
