Glossary of Terms

Assets Under Management and Advisement (AUM&A) represents the consolidated AUM and AUA of IGM Financial's core businesses IG Wealth Management and Mackenzie Investments. In the Wealth Management segment, AUM is a component part of AUA. All instances where the asset management segment is providing investment management services or distributing its products through the Wealth Management segment are eliminated in our reporting such that there is no double-counting of the same client savings held at IGM Financial's core businesses. AUM&A excludes Investment Planning Counsel's (IPC's) AUM, AUA, sales, redemptions and net flows which have been disclosed as Discontinued operations.

Assets Under Advisement (AUA) are the key driver of the Wealth Management segment. AUA are savings and investment products held within client accounts of our Wealth Management segment core businesses.

Assets Under Management (AUM) are the key driver of the Asset Management segment. AUM are a secondary driver of revenues and expenses within the Wealth Management segment in relation to its investment management activities. AUM are client assets where we provide investment management services, and include investment funds where we are the fund manager, investment advisory mandates to institutions, and other client accounts where we have discretionary portfolio management responsibilities.

Mutual fund gross sales and net sales reflect the results of the mutual funds managed by the respective operating companies, and in the case of the Wealth Management segment also include other discretionary portfolio management services provided by the operating companies, including separately managed account programs.

ETF's represent exchange traded funds managed by Mackenzie.

Institutional SMA represents investment advisory and sub-advisory mandates to institutional investors, pension plans and foundations through separately managed accounts.

Other net flows and Other assets under advisement represents financial savings products held within client accounts in the Wealth Management segment that are not invested in products or programs where these operating companies perform investment management activities. These savings products include investment funds managed by third parties, direct investment in equity and fixed income securities and deposit products.

Net flows represents the total net contributions, in cash or in kind, to client accounts at the Wealth Management segment and the overall net sales to the Asset Management segment.

Wealth Management – Reflects the activities of operating companies primarily focused on providing financial planning and related services to Canadian households and represents the operations of IGWM. IGWM is a retail distribution organization that serves Canadian households through their securities dealers, mutual fund dealers and other subsidiaries licensed to distribute financial products and services. The majority of the revenues of this segment are derived from providing financial advice and distributing financial products and services to Canadian households. This segment also includes the investment management activities of these organizations, including mutual fund management and discretionary portfolio management services.

Asset Management – Reflects the activities of operating companies primarily focused on providing investment management services, and represents the operations of Mackenzie Investments. Investment management services are provided to a suite of investment funds that are distributed through third party dealers and financial advisors, and also through institutional advisory mandates to pension and other institutional investors.

Discontinued operations - Reflects the activities of Investment Planning Counsel. On April 3, 2023, IGM Financial announced the sale of 100% of the common shares of Investment Planning Counsel Inc. for cash consideration of \$575 million. The transaction closed on November 30, 2023.
